HAKKIMIZDA

Ömer Yıldız Boya Sanayi Ticaret Ltd. Şti. olarak 2004 yılında Konya Marangozlar Sanayi sitesinde boya ve vernik grubunda ticaret hayatına adım atmıştır.

Mobilya sektöründe boya ve vernik grubu olarak yıllarca devam edecek bir serüvene atılma gayesiyle kurumsallaşma sürecine girilmiş ve 2020 yılında LAKKE KAPAK markası doğmuştur. Artan taleplere cevap verebilmek amacıyla geldiği noktada, kurulduğu bölgede 3.500 m2'lik üretim tesislerinde faaliyet gösteren Lakke Kapak bugün yurt içi ve yurt dışı pazarda satış noktaları oluşturmak için gayretlerini devam ettirmektedir.

Lakke Kapak olarak tasarım ve estetik stratejisini insan odaklı, yaşam kalitesini arttıran ve ekosistemi koruyan ürün alternatifleri çerçevesinde kurgulayarak yola çıkmıştır. Benimsediği özgün iş modeli doğrultusunda bayilik sistemi vermeyi düşünerek "ulusal marka" olma hedefine emin adımlarla ilerlemektedir.

Lakke; yenilikçi ürünlerini insan, çevre ve tasarım unsurlarını gözeterek hayata geçirirken çalışanları, çözüm ortakları ve bayileri ile birlikte sürdürülebilirlik anlayışını perçinleyen, evrensel kalite ve standartlarda ürün ve hizmetler sunarak müşterilerinin memnuniyetini sağlamaktadır.

Global marka olma hedefine ulaşma yolunda üretim süreçlerinde gerçekleştirilen tüm uygulamalarda inovasyon ve AR-GE kavramlarını odağına alan lider üretici, sektöre yön veren şık ve modern tasarımlarla hem yurt içi hem de yurt dışı pazarlarda söz sahibi olmayı amaçlamaktadır.

Çevresel ve ekonomik sürdürülebilirlik uygulamaları kadar genç yeteneklere ilham veren iş yaşamına eşit ve etkin katılımını destekleyen insan kaynakları politikalarıyla da sürdürülebilir bir geleceğin mümkün olacağına inanmaktadır.

Çalışanların güvenlik, aidiyet, ekip ruhu, birlik olma hissi ve bir amaç uğruna değer üretmek gibi bazı temel ihtiyaçları olduğu bilincinden yola çıkarak, bir çalışma ortamının tüm bu gereksinimleri karşılayabilecek düzeyde tasarlanması gerekliliğiyle hareket etmekte; ev ve ofis tasarımlarında mekânsal olarak kalite ve işlevselliği arttırarak, çalışanların performans düzeyini ve üretkenliklerine katkı sağlamayı hedeflemektedir.
